WORK EXPERIENCE

Accenture

Cebu, PH

Full Stack Web Developer

Sep 2023 – Present

- Developed responsive React web applications and integrated RESTful APIs using Node.js and Express.
- Implemented back-end logic in Node.js, focusing on API development, authentication, and session management.
- Created reusable components in React for dynamic front-end development and implemented back-end functionality, ensuring a seamless full-stack solution.
- Participated in estimation and sprint planning, and daily stand-ups of an Agile team, contributing to the overall delivery of high-quality software.

Sun Asterisk Philippines

Cebu, PH

Full Stack Web Developer Intern

Jul 2022 – Aug 2022

- Developed a web application using React for the front end and Django for the back end, ensuring a seamless user experience.
- Assisted in UI design using Figma and implemented responsive, visually appealing interfaces with Semantic UI.
- Designed, developed, and integrated RESTful APIs, optimizing data flow between the front end and back end.
- Collaborated with a team to enhance application performance and maintain code quality.
