Dedicated to improving skills through hands-on learning and development work. Proficient in mobile and desktop development environments. Adept at using Software Development and Web Development programming languages to produce functioning and clean code. Well-organized and collaborative team player with strong communication and analytical abilities.

PROFESSIONAL EXPERIENCE

Sun Asterisk Philippines   **Cebu City, PH**
Full Stack Web Developer Intern   *Jul 2022 – Aug 2022*

- Created a web application for Sun* that built with React.js for the front-end framework,
  and Django for the back-end framework
- Helped my teammates with the UI designs using Figma and coded the styles with Semantic UI
- Created and integrated REST APIs

                                                                                                                           Cebu City, PH
Hatchit Solutions   *July 2023 – Sept 2023*
Full Stack Engineer

- Working with MERN cross-platform optimization and scalability
- Creating the design and layout of a website or web pages
- Integrating user-facing elements with server-side logic
- Debugging and resolving technical issues.
- Collaborating with other team members and client

                                                                                                                           Cebu City, PH
Accenture Philippines   *Sept 2023 – Aug 2024*
Automation Engineer

- Automated regression test suites for web applications using Selenium WebDriver and Java, reducing manual testing efforts by 80%.
- Developed data-driven test scripts to validate application functionality across multiple environments and configurations, improving test coverage and reliability.
- Conducted exploratory testing and risk-based testing to identify critical areas for automation and prioritize test cases for automation.
- Collaborated with developers to implement testability features and enhance the testability of software applications.
- Participated in sprint planning, and daily stand-ups as a member of an Agile development team, contributing to the overall delivery of high-quality software.
- Mentored junior QA engineers in test automation best practices, coding standards, and tool usage, fostering a culture of knowledge sharing and continuous learning.

EDUCATION

CEBU INSTITUTE OF TECHNOLOGY   **Cebu City, PH**
Bachelor of Science in Computer Science   *2019 - 2023*
Dean's list (2019 – 2022)

CEBU INSTITUTE OF TECHNOLOGY   **Cebu City, PH**
Senior High School - STEM   *2017 - 2019*
Graduated with honors (2017 – 2019)

TECHNICAL SKILLS

Web Development: MERN, React, AngularJS, Django, .NET, HTML, CSS, JavaScript, SQL, PHP

Mobile Development: Android Studio, Kotlin

Software Development: C, Java, Python, C#

Other Technologies: Git Version Control, Figma, Firebase, Selenium

Soft Skills: Time management, Communication, Problem-solver, Teamwork, Innovative

PROJECTS

MINEBEAMITSUMI INC. (Capstone Research)

- AI Assisted Qualification of Resin Application *(Python)*

CEBU INSTITUTE OF TECHNOLOGY – UNIVERSITY / PERSONAL DEVELOPMENT

- Web Development Projects *(*React, Angular, Django, Express, MongoDB, .NET, SQL, PHP, Node.js*)*
- Mobile Application Projects *(Java, C#, Kotlin)*
- Machine Learning Projects *(C#, Python, TensorFlow, OpenCV)*

ACHIEVEMENTS

- **Outstanding Performance Group in Alliance Jumpstart Program**
- **Top 10 Finalist of DSC Cebu – Programming**
